## Curriculum Delivery

### Our Approach to Curriculum Delivery

Our curriculum focuses on a rigorously enacted Australian Curriculum areas using EQ authored C2C materials and a specific focus on developing students' literacy skills in targeted literacy lessons. Each year level has four x one hour uninterrupted sessions weekly dedicated to targeted literacy lessons where students are working in small groups which are organised according to reading data. This allows for focussed reading lessons at their level of instruction. Teachers and teacher aides are involved in these sessions to give group sizes of approximately six students.

Years 5 and 6 students study the Indonesian language for 2 lessons per week. All classes access specialist teachers for music and PE lessons each week. Year 5 & 6 have one PE lesson and Friday afternoon sport.

### Co-curricular Activities

The Instrumental Music Program is offered for Year 4-6 students. They learn brass, woodwind or percussion instruments and take part in our Concert Band which sounds fantastic.

Choirs are offered to Year 2-6 students. Students have an opportunity once every two years to participate in the Wakakirri rock eisteddfod program where they compete against other schools.

We play Interschool Sport in hockey, soccer, league, netball, touch football, Aussie Rules and softball.

Senior students have opportunity to participate and compete in the Readers Cup competition each year.

## How Information and Communication Technologies are used to Assist Learning

Glenvale has five dedicated ICT labs at the school and pods of student laptops and ipads. Each teacher has been provided with a laptop as well as digital projectors and interactive whiteboard screens permanently installed in each classroom.

Computers and ICTs are integrated into all curriculum areas across the school and are viewed as being one more vital tool to enhance and support learning. Computers assist student learning at Glenvale within and across key learning areas. Glenvale has aligned a teacher aide to provide support for students when accessing ICTs.

## Social Climate

### Overview

The school is justifiably proud of its high standard of student behaviour, academic, sporting and cultural pursuits and the positive, supportive tone of both the school and community. This is reflected in the excellent results of parent, staff and student satisfaction with our school, as indicated in the School Opinion Survey data in the section below.

The school enjoys a very caring and positive school climate that has a common focus upon support and experiencing success. This is enhanced and encouraged through extensive parental and community involvement and through the services of our Guidance officer, visiting Speech Language Pathologist, implementation of our positive behaviour support program and the services of our chaplain.

Parental involvement in each child's education is encouraged and ample opportunities exist at various levels to enable parents to be engaged to an extent that suits them best. This involvement ranges from attendance at events and functions (like literacy and numeracy information sessions) to volunteering to assist in classrooms through to involvement at a decision making level through the P&C Association. The energetic P&C Association works cooperatively within the whole school. They operate the tuckshop, uniform shop and Outside School Hours Care service.

## Respectful relationships programs

The school has developed and implemented a program that focuses on appropriate, respectful and healthy relationships. The *Respectful relationships education program* — an initiative of the Queensland Government — is part of a broader multi-departmental commitment to ending domestic and family violence. By implementing the Respectful relationships education program, Glenvale State School will give students opportunities for social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, stereotypes, human rights, risk and responsible decision-making. The Prep to Year 6 programs are aligned to the Australian Curriculum: Health and Physical Education and will be delivered through this learning area. Specialised resources for schools and teachers are used which include program guidelines, teaching overviews and resources for each year level.
