

Snapshot report

Under the Investing for Success Agreement for 2018 Glenvale State School received

\$324,219.00

Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Engaging specialist tutors to deliver targeted intervention programs
- Providing additional Teacher Aide time across all Prep classrooms, providing assistance to teachers in the delivery of intensive early literacy and numeracy support for individuals & small groups
- Implementing a cycle of professional development and data analysis by teachers to develop student centred literacy and numeracy programs
- Creating opportunity for staff members to become Pedagogical Leaders and lead year levels
- Employing a Hfull time pedagogy coach to lead teachers in improvement of 'explicit instruction' pedagogy, implementation of pedagogical framework and improvement of student reading outcomes
- Purchasing online literacy and numeracy programs for student use at home and school
- Investing in technology, digital resources or services
- Resourcing and implementing a coaching and mentoring program
- Implementing a leadership 'pipeline' for aspirant leaders
