Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Target specific groups of students and implement research validated intervention programs
- Build teacher capability in analysing student performance data to develop differentiated programs to improve student outcomes
- Employ a full time pedagogical coach to lead teachers in data analysis and explicit instruction practices
- Employ a full time numeracy coach to lead teachers in improvement of student numeracy outcomes
- Increase leadership density through establishing key teachers as Pedagogical Leaders including coaching and developing high performing teams
- Regularly review student performance data (as per Glenvale SS Assessment Framework)
