

Glenvale State School Strategic Plan 2019-2022

Profile

Glenvale State School on the western side of Toowoomba in the Darling Downs region has been serving the community since 1882 and has a proud tradition of excellence in education within a positive, caring environment. It provides a comprehensive education to approximately 730 students from Prep to Year 6 in a co-educational setting. At Glenvale, students feel success and excel and confidently master new skills. Enrolment growth has been significant in recent years with an increase of nearly 200 students in the last four years. This has resulted in an enrolment management plan enacted in 2013. Glenvale has an ICSEA of 971 and draws from a broad and diverse community. Approximately 10% of the students are from Aboriginal and Torres Strait Islander backgrounds and twenty five students are verified with a diagnosis. The academic, social and behavioural expectations of students at Glenvale are high and students consistently strive to achieve these. The students generally perform above like and Queensland schools in national academic testing. The value of the parental role in education is well recognised at Glenvale State School. Parents are encouraged to become actively involved in the school. Community partnerships have been forged with the local early years' providers, the local university and other community groups.

Vision

The academic, social and behavioural expectations at Glenvale State School are high. At the school we strive for the vision of 'Every One, Every Day, Achieving Together'.

Values

The values at Glenvale State School are well known and embedded: Responsibility, Respect and Safety.
